# Feedback

"The resources available and the comments from those who joined the meeting. Was able to write a lot of notes based on the practices that were shared by other participants."

"Different ideas on how to use some of the products that I already use but not in the way that was mentioned in the presentation. I will be looking more into virtualized systems and NCL."

"How to integrate competency-based exercises."

# Ideas for Fall Workshops

- Teaching Adversarial Thinking
- Meet the CAE Community
- Building Curriculum for Cyber
- Writing a Grant
